## 1 Introduction

This is a sample tunebook written in L<sup>A</sup>T<sub>E</sub>X. It employs Prof. Enrico Gregorio's `abc.sty` style for defining the new `abc` environment.

The commands to typeset this file are:

```
latex -shell-escape tunebook-sample.tex
latex -shell-escape tunebook-sample.tex
dvips tunebook-sample.dvi
```

Read the L<sup>A</sup>T<sub>E</sub>X source carefully to see how it works.

## 2 Hornpipes

Let's make the first tune a bit wider. The command is

```
\renewcommand{\abcwidth}{1.2\linewidth}
```

It's up to the user to change the page margins.

bonaparte

The next tune has a `%%scale 0.5` command:

bluehill

chief

## 3 Reels

abbey

anything

banshee

## 4 Jigs

banish

blarney

calliope
